## Rules

WMF MOS (Adventure Golf) rules will be used. They can be viewed [here](#). In particular please note:

- The bunkers filled with rocks do count as Hazards as part of the MOS Rules. This means that players can either play from the bunker or move the ball back to the location of the previous shot to play the next shot (without penalty). Players **are not** permitted to give themselves relief from where the ball entered the bunker.
- The tee-off positions are shown at the end of this document
- There are some locations where the lane has a rock close to the boundary. In these courses, in order to be allowed relief on the side of the hole, players must fully pass the rock. During the opening ceremony we will visit these lanes and explain in more detail.

## Additional Information

All additional information, can be found on the Tour website here: <https://www.wmfwagtour.com/p4-23-details>

## Tee-off Positions

Imagine a line extending from the front of the tee-off mat. The ball can be placed anywhere on this line, and anywhere behind this line (including the tee-off mat itself).

To visualize this, it means you can place the ball on, or behind, the line in the pictures below:
