# Live Scoring App Instructions

1. Install Power Apps

If you have an Apple mobile phone, go to **App Store**. If you have an Android mobile phone, go to **Play Store**.

Search and install an app called **Power Apps**.

2. Sign in to Power Apps

Open the Power Apps app you downloaded in Step 1. And click the **Sign in** button.

We have given you a WAGT email address. This is <first name>.<last name>@wagtour.com without any accents. For example:

- If your name is Ľubomír Zontág your email is lubomir.zontag@wagtour.com
- If your name is João Pinheiro your email is joao.pinheiro@wagtour.com
- If your name is Adrian Amey your email is adrian.amey@wagtour.com
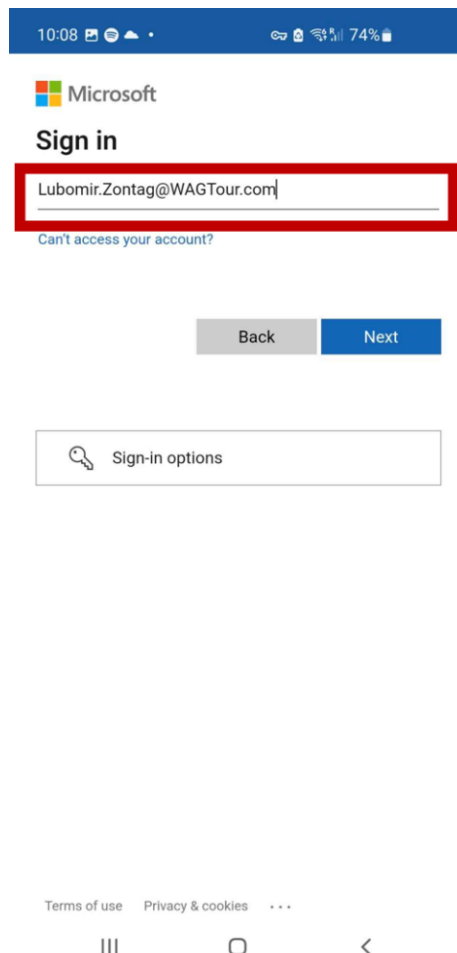

The password is GolfScore1

3. Prepare for the Tournament

Click the button that says **All apps**. You must now stop. When your group starts to play the tournament and if you are doing the scoring you should click the button that says **WMF World Adventure Golf Tour Live Scoring**.
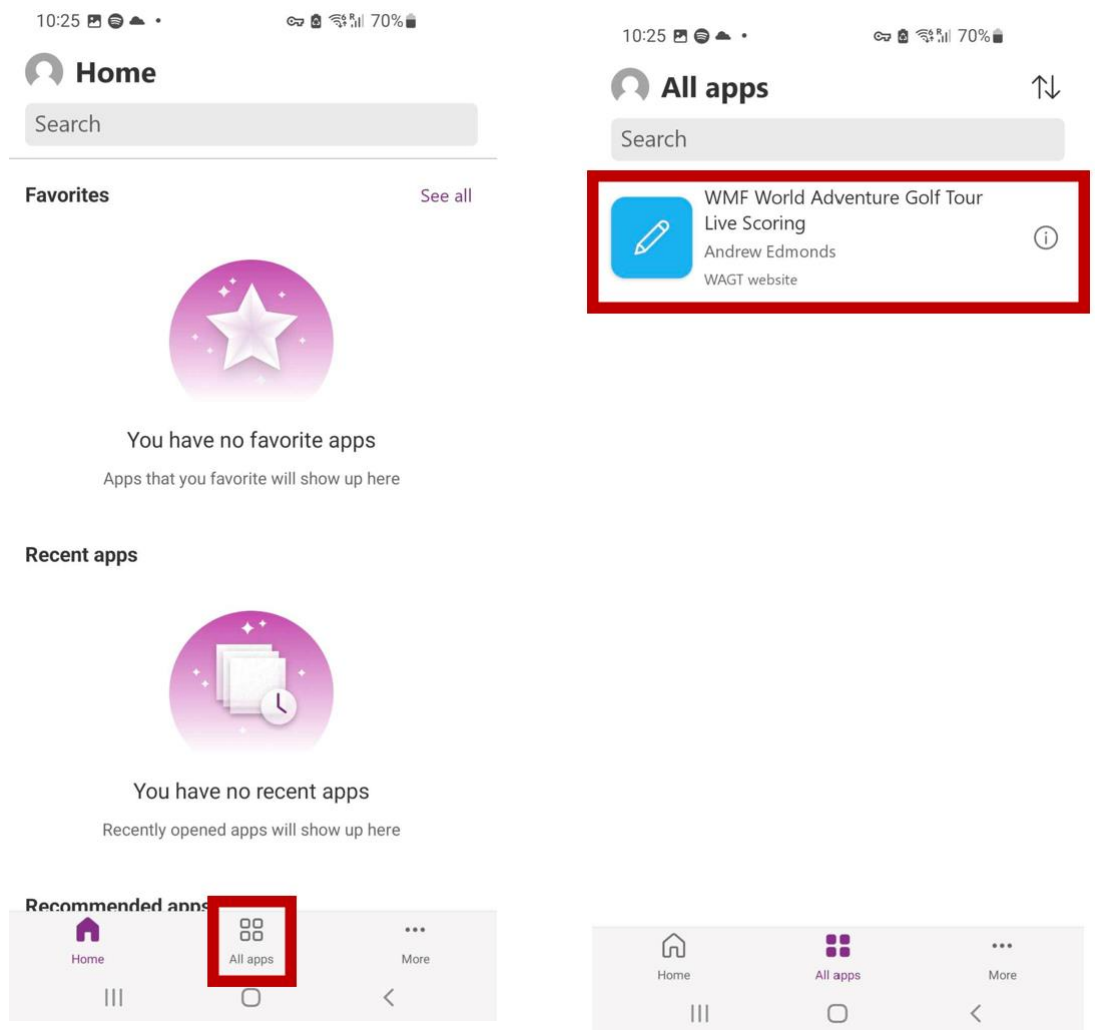

4. Select the Tournament and the Round

If you are scoring, before you start lane 1 you should select the tournament you are playing. Which round you are currently playing. And which group you are currently playing in.

This is very important – you must check you have entered the correct round, and that the people the app says you are playing with are the correct people in the correct order.

5. Registering a Score

When everyone in your group finishes a lane, you should enter the scores for all players. Use the **plus + and minus –** buttons to change the score for each player. Then press the **confirm** button. If the scores are correct press the **Register Score** button.
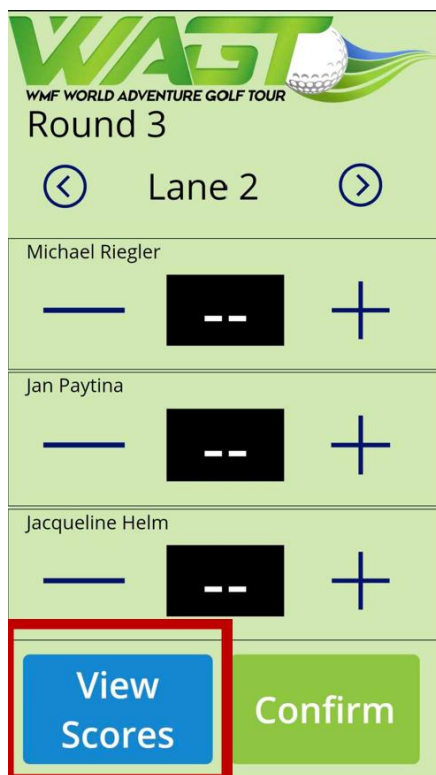

6. Viewing Scores

At any point in the round you can view your group's scores to make sure you have them correct. To do this press the **View Scores** button.

7. Changing an Incorrect Score

If you made a mistake and got a score incorrect, you should change it yourself. You can change which lane you are entering scores for by using the **arrow buttons < >**. You should then enter the scores again using the instructions in Step 5.

8. Finishing the Round

After you enter the scores for Lan 18, the app will show you the scorecard. If the scores are correct, press the **tick** ✔ button and the app will close itself. If the scores are incorrect press the cross x button and use the instructions in Step 7. to change the scores.
